Jersey Seafaris – www.jerseyseafaris.com	David Luce, Thomas Norman, Martin Perkins, Patrick Newton, Chris Mollet, Josh Dearing, Will Queree Standard	Jersey Seafaris was established in 2011. It quickly established itself as the largest RIB operator in the Channel Islands. We run regular RIB boat trips, tours and charters around Jersey's magnificent coastline and offshore islands. We are the number 1 boat tour in Jersey on Trip Advisor! We also provide Private Charters for a bespoke experience – zip across to France for dinner or enjoy a picnic on a sandbank miles from land, with just your friends or even the odd dolphin for company! We look forward to welcoming you on a Seafari soon! All of our trips are carbon neutral, we offset each litre of fuel through the Durrell Re-Wild programme, planting trees in the Atlantic forest in Brazil.

Intertidal Walks with Sea Hare Photography https://www.seaharephotography.com 07977 723446	Lou Wagstaffe Adventure	Based in Jersey, Channel Islands, I offer guided intertidal walks by day and night, on the huge expanse of seabed exposed by one of the largest tidal ranges in the world. Explore the richly diverse, but fragile marine life that inhabits the intertidal zone of the protected southeast or the rugged north west of the island. Depending on tide and moon phase, walk over 2km offshore to historic landmarks or observe the creatures that come out after dark closer to shore. Some walks are for adults only, and others are family friendly. Check out the website or contact me directly.
